

THE EVENT HORIZON

IMPERIAL STOUT

ALE BREWED WITH HONEY &
AGED IN BOURBON BARRELS

The Event Horizon is the point of no return. Once you have entered the realm of this supermassive imperial stout you are there for good. The cosmically heavy body sucks you in. It's unfathomably deep and black, tasting of rich coffee and chocolate. The faint twinkle of honey is the last sensation you experience before the taste of bourbon washes over you with notes of cracked nuts and vanilla bean.

Prepare to have your tongue spaghetti-fied.
